Create, iterate, and ship with AI

Join Kakis AI to turn ideas into scripts, scenes, and production-ready videos with a fast, collaborative workflow.

You will be redirected to this page.

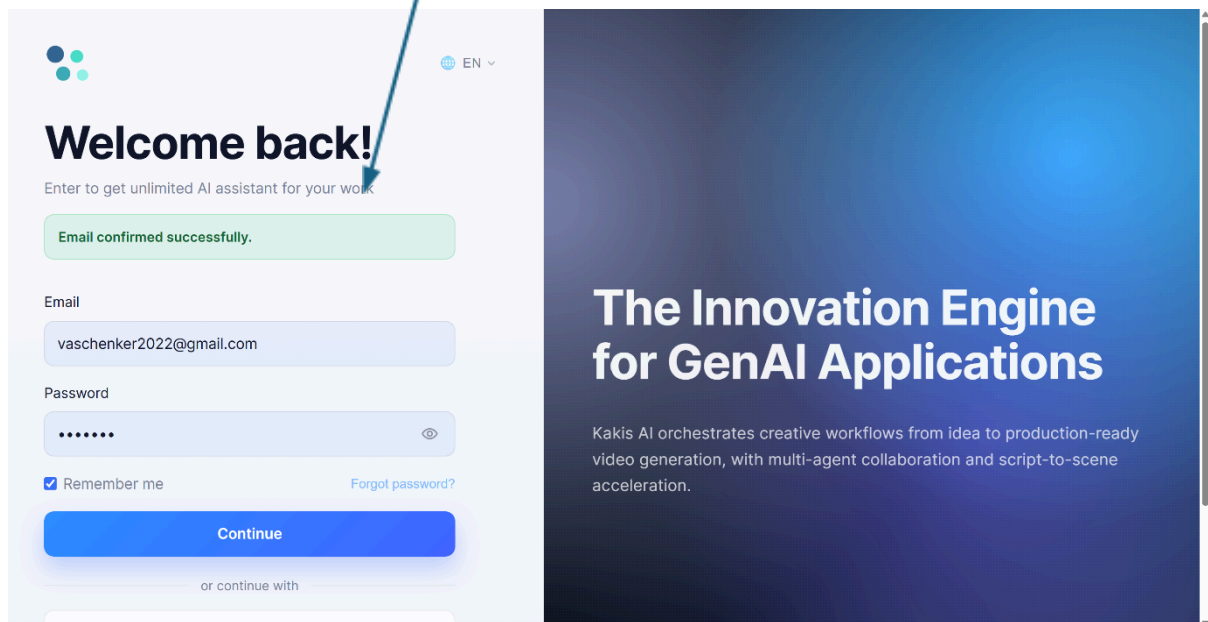

3. Now check your inbox for a confirmation email that looks like the following.

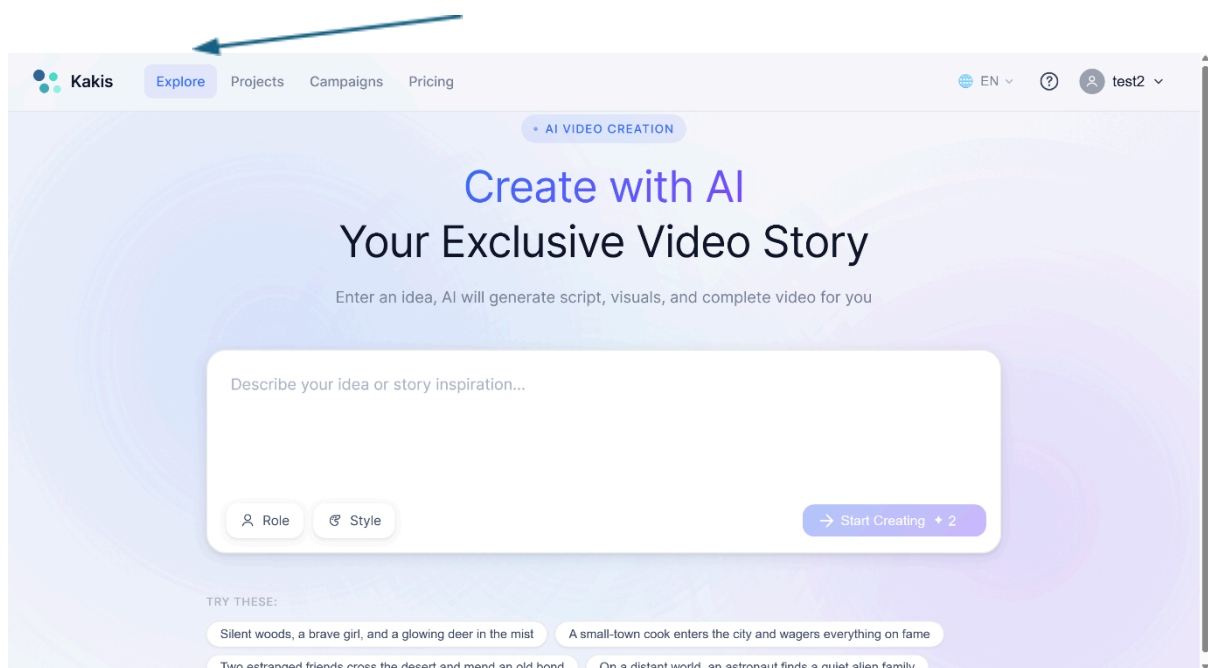

Click “activate account” or paste the link into your browser’s address bar.

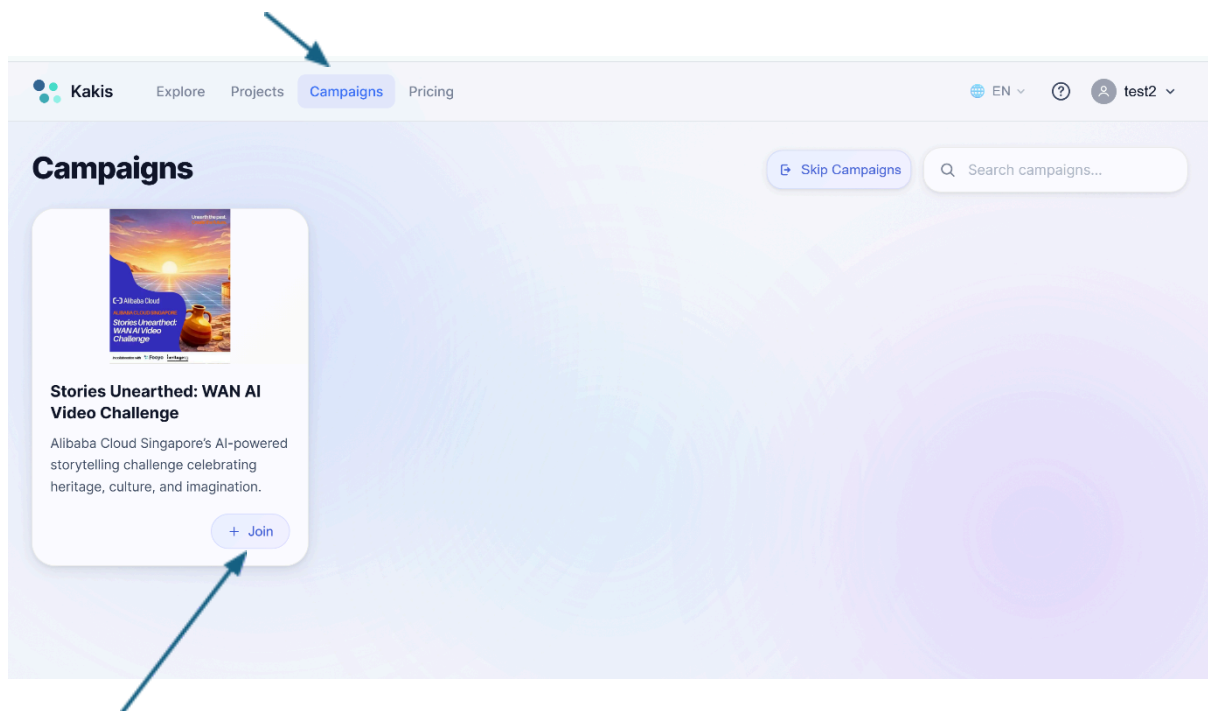

4. You will receive a message, “Email confirmed successfully,” upon activation. Sign in to continue.

5. You will then be directed to the “Explore” page.

6. Click the “Campaign” tab on the top left of the navigation bar.

Click “Join” to participate in the challenge.

7. The following pop-up window will appear once you have joined successfully. Click “Confirm”, and you can start creating videos!
